Beyond Fetching Coffee The IDEA Lab Tech Team Internship

The IDEA Lab Tech Team Internship is a teen internship program at San Diego Central Library for e3 Civic High students, the charter school housed in the same building. The IDEA Lab Tech Team develops 21st century technology skills by receiving multimedia training and using those skills to support San Diego Public Library's mission of lifelong learning.

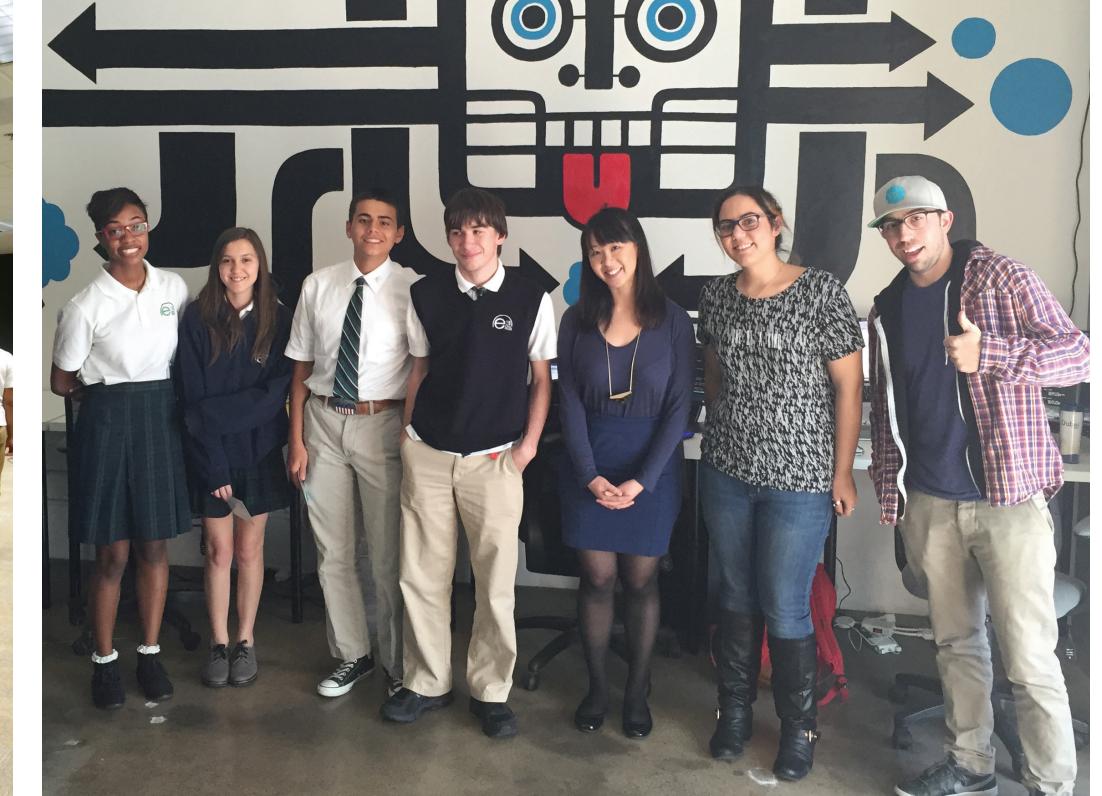

From left to right:
The 2014/2015 IDEA Lab Tech
Team says hello to everyone at
ALA San Francisco.

Intern Sierra takes a shot of building maintenence technician, George, for the *Citizens of Central* portrait series.

Interns Tucker and Garrett lead a wacom tablet 101 workshop in the IDEA Lab.

The IDEA Lab Tech Team takes a field trip to FYC Labs, a web design studio in the library's East Village neighborhood.

Intern Jose explains color theory to a teen patron at the logos and branding workshop.

Instructor and filmmaker Jesse
Keller of Media Arts Center San
Diego takes a silly portrait for the
interns at the film screening for
Teen Services @ Central Library.

INTERNS

What do you remember most about being an intern? How has the internship prepared you for the future?

The IDEA Lab has prepared me for the professional world by enhancing my communication, my personal skills and my computer skills. I feel like I've become a more responsible and independent individual. —Jose

Some of the most memorable experiences I've had as an intern is **becoming closer to my peers** and Ms. Monnee. We've done some pretty cool projects together. —Zoe

The IDEALab has prepared me for the professional world because I know that within the creative community there is definitely a lot of collaboration that needs to be done. And you won't always agree with everyones tastes or vision, but it's important to get the work done. —Sierra

Learning video editing, learning computer programming and giving workshops.

—Garrett

The Idea Lab has prepared me for the real world because I have to work with other people to get a project done. —Tucker

PROJECTS

Interns received multimedia training from partner Media Arts Center San Diego to assist with projects.

2 collaborative videos - Teen Services @ Central Library and Meet the IDEA Lab Tech Team Interns

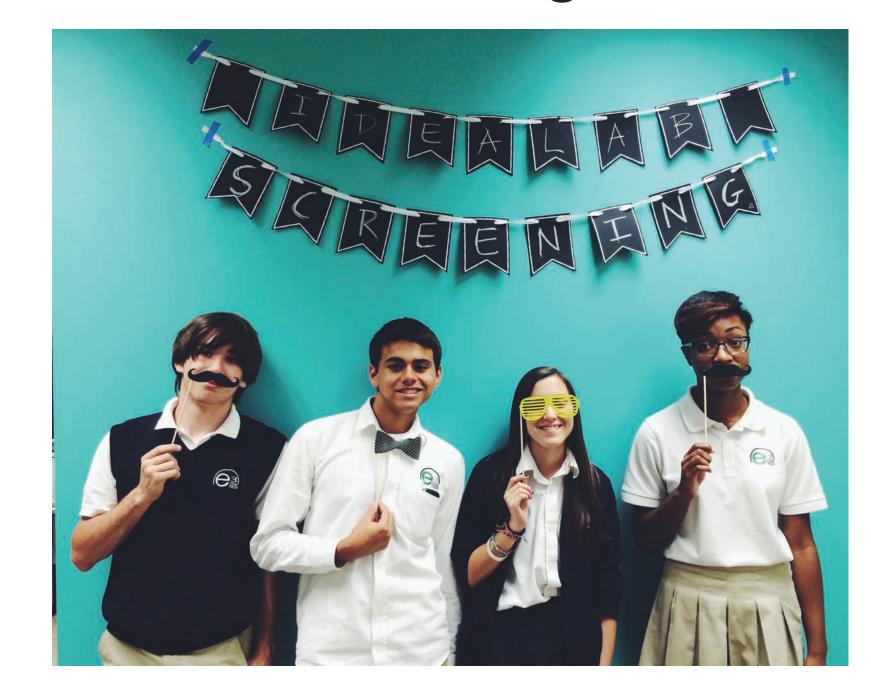

15 workshops for teens, from introductory workshops about iMovie to stop-motion animation using Skittles

15 portraits and interviews for the Humans of New York inspired project, Citizens of Central

One film screening for Teen Services @ Central Library

One art opening for the portrait project Citizens of Central

MENTOR

Interns receive mentoring and workplace skill building from the teen services librarian. The program simulates a real professional experience as much as possible to prepare the interns for future careers.

Lessons include

- Email writing
- Copyright
- Resumes
- Public speaking
- Social media "etiquette"
- Networking, "elevator speeches"
- Field trips—career exploration
- Professional evaluations

Field trip with Ms. Monnee to Creative Mornings San Diego
